

Side Quest

Name: Daniel Chen

Short description

- I learned how combine the sprite sheet and tile set into one game

One small decision or change I made

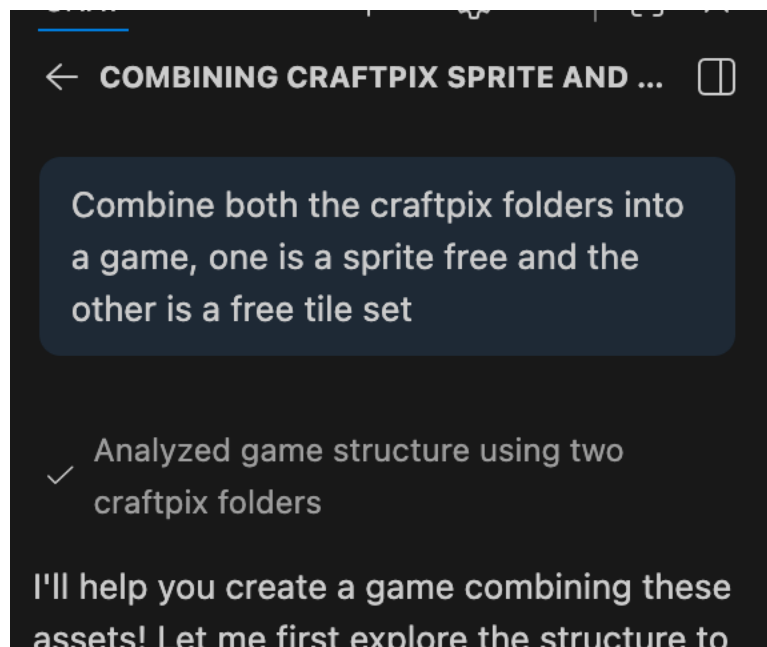

- Had to change the tile set and sprite sheet

GenAI

- Copilot

Minimal evidence

- The sprite sheet link: <https://craftpix.net/download/90374/>
- The tile set link: <https://craftpix.net/?s=tile+sets>
- Prompts used:
 - Combine both the Craftpix folders into a game, one is a sprite free and the other is a free tile set

- Add the characters into the game as well as leaf and eneimes
- Where are the characters?
- When I open the game, the characters disappear.

add the characters into the game as well as leaf and enemies

Reviewed and updated game.html and GAME_README.md

Perfect! I've successfully enhanced the game with all the features you requested.
